OBJECTIVE

Enthusiastic Information Science Graduate with hands-on experience in Java, SQL, HTML, CSS, and JavaScript. Seeking a full-time role in the technology sector to apply technical skills, contribute impactful software solutions, grow within an innovative team, and continue learning in a collaborative environment.

SKILLS

Programming Languages: Java, SQL, HTML5, CSS3, JavaScript.

Frameworks: Bootstrap, JDBC, Hibernate, Spring Boot.

Technologies & Tools: GitHub, Git, VS Code, Eclipse.

Soft Skills: Problem Solving, Teamwork, Collaboration, Time Management, Adaptability, Communication.

EXPERIENCE

Full Stack Java Developer (Intern) at *Dyashin Technosoft Pvt.Ltd, Bengaluru* Oct 2024 – Feb 2025

- Worked on developing web applications using Java, Spring Boot, and front-end technologies. Assisted in backend API development, database management, and debugging.

Full Stack Java Developer (Intern) at *Varcons Technology Pvt.Ltd, Bengaluru* Oct 2023 – Dec 2023

- Developed and designed responsive web applications using HTML, CSS, and JavaScript. Worked on front-end UI enhancements and backend integration for smooth functionality.

PROJECTS

A Hybrid Deepfake Detection Model, HTML, CSS, JavaScript, python & Machine Learning

- Developed a hybrid deepfake detection system using **Python, Flask, ResNet, CNN**, and **LSTM** to detect deepfake analyzing spatial and temporal features.
- Enhanced detection accuracy by combining convolutional and sequential architectures, and built a web-based UI for real-time video analysis and prediction display.

E-commerce web Application, HTML, CSS & JavaScript.

- Developed a responsive online shopping platform using **HTML, CSS**, and **JavaScript**, featuring dynamic product listings and a user-friendly interface.
- Implemented shopping cart logic, price calculation, and mock payment gateway simulation to mimic real-world e-commerce functionality.

Student Result Management System using DBMS, HTML, CSS, JavaScript and SQL.

- A Student Result Management System with frontend & backend integration using **HTML, CSS, JavaScript**, and **SQL** to manage and retrieve student academic records.
- Enabled secure data entry, record updates, and result generation through form validations and structured database queries.

EDUCATION

B.E in Information Science & Engineering Feb 2023 – May 2025

Visvesvaraya Technological University | CGPA: 8.2

COURSES

Full Stack Java Development at *Jspiders Software Training Institute, Bengaluru.*

- Currently enrolled in an intensive Java Full Stack Development course, gaining hands-on experience with Java, Spring Boot, React, and modern front-end frameworks. Implementing RESTful APIs, handling database operations using SQL, and optimizing queries for performance.
